The librarian gave a very favorable report of the work during the past year which was approved.

LIBRARIAN'S REPORT

To the president and trustees of the Frost Free Library, the librarian submits the following report for the year ending Sept. 30, 1931.

The library has been open 114 times, with a total circulation of 5,436 books; 2,854 of which were adult fiction; 1,886 juvenile fiction; 495 adult non-fiction and 201 juvenile non-fiction.

The total circulation of magazines was 4,895, an increase of over 1,500 compared with last year. This increase in magazine circulation, I believe, is due to the fact that in addition to the 35 magazines, to which the library subscribes, the following people have very thoughtfully given either several copies of magazines at one time, or give regularly each month.

Those to whom we are indebted for the new magazines are Miss Ruth Hemenway, Mrs. Carrie Webb, Mrs. Abbie Landry, Miss Lillian Boucher, Mrs. Frenz, Mr. Harry Bemis and Mr. George Mason.

Among the magazines, thus donated, are "The Golden Book," "Atlantic Monthly," "Scribner's," "Time," "New Movie," "Classic Motion Picture Magazine," "Screen," "Hunting and Fishing," "Field and Stream," "American Legion Weekly," and "Science and Invention."

The Junior Literary Guild books, which come monthly, are the gift, this year, of Mrs. Carrie Webb. In addition to this generous gift, which will total 24 books, Mrs. Webb has given 2 other books, one adult fiction and one adult non-fiction. I am sure the boys and girls join me in thanking her for them.

Others who have donated books during the past year are Mr. Guy Richardson of Ridgewood, N. J., who gave, "Larry, Thoughts of Youth," Misses Edith and Velma Wiswall donated three juvenile books, and Dr. and Mrs. Joseph Reed gave an adult fiction book. Mrs. Josephine Mason very generously gave 49 juvenile books, which will be especially interesting to the boys.

"The Romance and Rise of the American Tropics" was donated by the United Fruit Co., and "Drifting Sands of Party Politics" written by Oscar W. Underwood was presented by Mrs. Underwood in memory of her husband.

In addition to the large map of Cheshire County, printed in 1858, and the Indian War Club Heads, which were dug up on the land of Mr. Evander Smith's old home, and presented some time ago by him to the library, several specimens of petrified wood, picked up at the Boundary of the National Park of Petrified Forests of Arizona, were presented by Mr. and Mrs. Crawford, and Mr. and Mrs. Clare, on the completion of their trip from Burns, Oregon to Marlboro, N. H.

NURSING ASSOCIATION REPORT

The Marlborough Community Nursing Association submits the following reports for the year ending Dec. 31, 1931.

This has been an anxious year for the officers of your nursing association, due to financial conditions, but to date we have been able to carry on, and have faith that our citizens are ready to see us through another year.

Since it seemed impossible to find a chairman to conduct a house to house membership campaign this year, an appeal was made to all citizens through the mail, with good results. This method is used by other organizations with better response than by door to door campaign, and perhaps it will prove so with us. All who have not yet contributed their membership fee, are urged to do so.

The outstanding change in our nurse's work is the arrangement with the school board to have definite school work done under the supervision of Miss Elizabeth Murphy, R. N., the state supervisor of school nurses. Such a program is being carried on in many small towns successfully, and to the advantage of the health of the growing generation. Also, due to the state aid which should reach us for such services, our organization should be helped a little financially.

The usual clinics have been conducted. We feel that we have a healthy and wholesome group of young people in Marlborough, due in no small part to the interest and loyal work of Miss Burke. We are indeed fortunate in having a woman of so splendid character and personality as our community nurse.

Let us not do anything which might retard the continuance of this vital and progressive work. The moral and financial support of every citizen is needed.

Respectfully submitted,

RUTH E. HEMENWAY.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Marlborough:

I herein submit my ninth annual report as superintendent of schools.

These days of business depression forcibly impress on us conditions that are difficult to meet. However, we can cope successfully with our environment if we adopt the slogan of economy, thrift and efficiency.

Let us remember that renewed interest should be focused at this time upon the need of efforts to encourage and assist the young people to remain in school.

Let us remember the splendid spirit put forth by the teachers of our entire country during this period when financial conditions have caused great hardships. Their attitude has been one of the bright spots in the depression.

Let us not forget that functions of our schools must revolve about the creative interests of the child. In the words of President Hoover, "We approach all problems of childhood with affection. Theirs is the province of joy and good humor. They are the most wholesome part of the human race, the sweetest, for they are fresher from the hands of God."

These beautiful words should give us courage and inspiration to carry on and prepare the growing generation in such a way that it may successfully cope with conditions that await it.

MARLBORO HIGH SCHOOL

Headmaster Ralph H. Bissell submits the following report:

"The following is a report of the activities of Marlboro High. Enrollment is—Seniors 13, Juniors 13, Sophomores 15, Freshmen 16, Eight Grade 40, Seventh 37. Total High school 57, Junior High 77.

"Two courses of study are offered in the High school, Classical and Commercial. These two courses seem to fill the needs of the students, one course preparing them for college and the other for business.

LITERARY AND SOCIAL ACTIVITIES

"Education is something for which all of us strive. There are various phases of this term education. We not only attempt to attain a certain standard in everyday knowledge but through varying activities train ourselves to cope with the outside world.

"The school attempts to give a broader training through its literary and social activities.

"The school play, "After You I'm Next," which was presented this year met with success. This gives an opportunity for pupils to receive training in the various phases of play production.

"School assemblies are planned in which the pupils take an active part. Here they are given an opportunity to show their latent abilities and at the same time are receiving much benefit from their participation.

"The orchestra plays an important role in our school curriculum.

"The social life of the school is not neglected, for the pupils of both Junior and Senior High enjoy several parties during the year. The customary Freshman initiation occupied a part of the program for the Christmas High School party.

"A Valentine party was enjoyed by the Junior High school.

"Basketball not only trains in athletics but is social as well as character building in its attainments.

"Through varying activities the school attempts to strengthen character as well as to develop the intellectual, emotional, and creative elements in the pupil and to establish a certain amount of confidence.

"Thus the literary and social activities have an important role to play in the pupil's school life.

ATHLETICS

"The High school under the leadership of Mr. Bissell as coach, has maintained competitive teams in the Monadnock Interscholastic League, for both baseball and basketball. If the success of an athletic program was dependent upon the turning out of Championship teams, our athletic program might be questioned, but inasmuch as athletic contests are designed primarily for the development of body physique as well as mental aptitude, we feel that the athletics of the High school should be continued and supported.

HIGH SCHOOL GRADUATION

"On the evening of June 19 a class of sixteen, one of the largest in the history of Marlboro High school, was graduated. The class parts were taken as follows: Salutory, Gordon Bassett; Essay, "Radio and It's Possibilities." Frank DeMange; Class Will, Ellen Coffin; Class Prophecy, Walter Hackler; Essay, "Importance of Music to the World." Leslie Seaver; Class History, Marie Erickson; Class Gifts, William Hackler; Valedictory, Norman Gaseau."

THE CLASS ROLL

Gordon Bassett	Minnie Hackler
Ellen Coffin	Walter Hackler
Norman Croteau	William Hackler
Frans DeMange	Sylvia Hakala
Marie Erikson	Warren Mason
Carlton Farnum	Irma Richardson
Norman Gaseau	Leslie Seaver
Helen Hackler	Velma Wiswall

REPORT OF THE SUPERVISOR OF MUSIC

"The outline given in my report of last year is, in general, a summary of this year's work in music.

"The training of so-called monotones, the teaching of moods, descriptive music, music appreciation, rythm, ear training, tone drills, and part singing go hand in hand with theoretical training.

"The High school orchestra had several engagements in town and out last year. It is hoped that new players will become prepared to join the orchestra so it may be continued as the older members graduate. The Harloway class offers an opportunity for such training.

"Small children find real pleasure in the Toy Orchestra, and its benefits are manifold. Through it they develop a feeling for rythm and accuracy, recognition of musical themes and phrases, and must be independent and think quickly.

"In June 1931, the Marlboro and Troy Harmonica clubs enjoyed a "get-together" in each town, presenting a program to which the public was invited. A similar event is being anticipated this spring.

"It is with gratitude for cooperation of the School Board, Superintendent and teachers that this report is."

Respectfully submitted.

MILDRED H. WHITCOMB,

Supt. of Music.

PROMOTIONS

The following numbers of promotions per grade to the next grade were made in June:

Wallace,	1		1	2	2	2		2				
Totals,	28	19	39	37	30	39	42	21	15	15	13	16

These promotions were made on the five point basis, viz.: regularity of attendance, term rank, standard tests, judgment of teacher and judgment of superintendent.

Stanford's Achievement Tests were given; one at mid-year and one at the end of school year in June. The Otis Standard Graduation examination for Elementary schools was given to the eighth grade.

The pupils maintained creditable standing in their respective grades.

The combined results of all tests showed a normal year's growth in mental development and the classes well graded.

The teachers have been co-operative in their work and have tried to develop the mind by directing thought in ways that lead to the awakening of self-control, self-respect and the creative instinct in the child.

The schools show continued progress in the grading of pupils and in particular attention to the variations in individual children.

The pupils have maintained throughout the year a school morale that has been wholesome.

CHANGES IN THE TEACHING STAFF FOR YEAR 1931-1932

There has been only one change in our teaching staff during the present year. Miss Eleanor Barnett having resigned, Miss Dorothy Nason, a graduate of New Hampshire State, was elected instructor in Latin and French.

In conclusion, I wish to thank the school board, teachers, parents and citizens for their co-operation and support.
